JUSTICE LOOTED

THIEVES ABSTRACT MONEY AND LIQUOR FROM A LOCKER IN THE CORRIDOR OF THE JUDICIARY BUILDING—THEY WERE PLACED THERE TO BE USED AS EVIDENCE IN GAMBLING AND OTHER CASES AT THE PRESENT SITTING OF THE CRIMINAL COURT.

Blindfold, Justice stands with the scales equally poised in her left hand, and just because Justice happens to be blindfold it is a mean thief who would take advantage of her helplessness and steal the scales. That however is what has been done in Honolulu.

From the very temple of Justice, the Judiciary building, from a receptacle just without the hallowed precincts of the Supreme Court of this Territory of Hawaii, some thief has stolen the evidence required in the prosecution of certain accused persons at the present term of the criminal court. The evidence so stolen consists of three sums of money aggregating about \$26, and a quantity of liquor.

Policeman Hubbell has charge of the property needed as evidence and to avoid possible loss in carrying this evidence back and forth between the police station and the court room a locker was provided for him in the Judiciary building. The locker stands in the Waikiki corridor just outside of the entrance to the Supreme Court which is used by the Justices.

A few days ago when Hubbell inspected the goods there he saw that a jar containing \$22.50 and two envelopes holding small sums were where he had placed them previously. In the lower part of the locker was a demijohn of liquor. The money was for evidence in different gambling raids and the liquor for an illicit selling case.

This morning Hubbell went to the locker to get three sticks of dynamite and other evidence needed in the case of Lupini Gomez who is charged before Judge De Bolt with the illegal use of explosives.

The dynamite was there all right but money and liquor had gone. There was nothing about the locker to show that it had been forced but the lock is a simple one to which a key could easily be found. How any person could have got away with the loot in the daytime recently it is hard to imagine for the corridors have been crowded with witnesses, special venires of jurors, lawyers and of course the regular employees are always about the place. The police department has the matter in hand though clues to the thief's identity are absolutely wanting.

INTERESTED IN GENEAU VERDICT

A GENERAL HOPE FELT THAT THE MASTER AT ARMS WILL GET OFF WITH A FINE IN WHICH CASE HE WILL GO BACK TO HIS OLD PLACE IN THE NAVY AND WILL BE ENTITLED TO ACCUMULATED PAY.

Interest in the outcome of the Geneau murder trial was general today and the opinion generally expressed that the jury, if it erred at all, erred on the side of severity. On the other hand many citizens seemed to feel that if the accused man were entirely exonerated, the precedent would be established for allowing any sailor who happened to be on a celebration to right his private wrongs by shooting.

Sentiment among those who followed the trial was that the man who has suffered seven months close confinement in murderer's row had already had sufficient punishment under the conviction made, that of manslaughter in the third degree and the feeling that a nominal fine would meet the ends of justice became general when it became generally known how the naval regulations stand.

Under the regulations, should Geneau be imprisoned he will be dishonorably discharged from the navy, and the fact that he wears the medal of honor from Congress for gallant work at Santiago or that he has an absolutely clean record up to the time of his trouble here, would aid him not at all. If however a fine should be imposed he will be able to go back to the service in his old rating as Master at Arms. The matter lies of course with the trial judge who heard all the evidence and is in a better position to decide than is anyone else.

It is understood that if Geneau should be released on a fine Lieut. Commander Coontz, who came 5000 miles to testify in the man's behalf, will take him through to Washington and lay the whole matter before the Secretary of the Navy.

ISTOCKS SOARING

The interest in the stock market continues unabated. The movement of stocks is the absorbing topic of conversation everywhere. The bulletin boards of the brokers are the rallying points of the whole population that finds itself on the street.

McBryde advanced today by dollar jumps to \$14, that being the price a block of it was sold on the exchange for.

Olaa went up to \$70. Oahu Sugar sold at \$145. There was considerable business in Oahu Railway at \$60.50.
Ewa advanced to \$23.25 and Kahuku to \$24.
Waialua moved steadily upward selling at \$86.50.

THE COUNTY ACT PRINTED

FORM OF GOVERNMENT FOR THE COUNTIES PROVIDED BY THE COUNTY ACT COMMISSION CAN NOW BE STUDIED—THERE ARE TO BE FIVE COUNTIES: OAHU, HAWAII, MAUI, KAUAI AND KALAWAO—POWERS AND PAY.

The County Act prepared by the County Act Commission has just been printed. It is published in pamphlet form and is entitled "County Act: Plans for County Government now before the County Act Commission." The pamphlet contains the act as adopted by the majority of the commission, and the separate act providing for the election of supervisors. The Act drafted by Commissioner T. McCants Stewart is bound in with the acts approved by the majority.

In the act drafted by the majority of the Commission the first section provides for the division of the Territory into five counties: Oahu, with county seat at Honolulu; Maui, comprising the islands of Maui, Molokai, Lanai and Kahoolawe, with county seat at Wailuku; Hawaii, with county seat at Hilo; Kauai including Niihau, with county seat at Lihue; and Kalawao, comprising the leper settlement and to be under the control of the Board of Health.

The third section divides the counties into districts which are practically the same as those now existing.

The fourth section defines the general powers, liabilities, and limitations of the several counties. These include the power to sue and be sued, to purchase and hold real and personal property; to construct, buy or lease buildings for county purposes, and to maintain water, sewerage and light systems, and to build and maintain public thoroughfares; to make necessary contracts to carry out its powers; not to give or loan its credit in aid of individuals or corporations; to expend money above \$500 only on contracts awarded on tenders. The powers granted are to be exercised by a board of supervisors.

County seats can be changed only on a vote of two-thirds of the electors voting at any general election.

The county officers of each county shall be a board of supervisors, a sheriff, who shall be ex-officio coroner, a county clerk, an auditor, an assessor, a collector, a county attorney and a county elector, all of whom shall be elected in each county except Kalawao. The county officers are to be elected at the general congressional elections for a term of two years. To be eligible for a county office, a person must be an elector in the county and have resided there for one year previous to his election. The official bonds shall not be less than \$2000 for county clerk; \$5000 for auditor or county attorney; \$10,000 for sheriff, and \$1,000 for constables.

The salaries provided are, members of the Board of Supervisors, \$600 a year, sheriff of Oahu and Hawaii, \$3000; of Maui and Kauai, \$2,000. The auditor, assessor and county attorney of Oahu are each to get \$3,000, and other salaries in proportion.

Elective officers may be removed for malfeasance or maladministration in office, on trial before the Board of Supervisors sitting as a Board of Impeachment upon petition of 25 legal voters of the county.

The duties of the various officers are set out in much detail.

The act for providing for the election of the supervisors is a very short one, and merely provides that they shall be elected at general elections.

The act prepared by Commissioner Stewart follows much the same general lines.

On the subjects of pay and removal of county officers, the Stewart bill makes the following provisions:

Sec. 72. The Legislature shall fix the salaries of County and District officers and their deputies, clerks and employees and make appropriations for the payment thereof; and it shall also provide for each County the following separate sums namely:

1—For pay of employees not specifically named;
2—For current and incidental expenses;
3—For the improvement of roads, streets and other thoroughfares; and
4—For all other purposes necessary and proper.

Sec. 73. In the month of December preceeding the regular session of the Legislature, each County officer shall transmit to the County Clerk estimates of appropriations desired by his office and the same shall be by the Clerk forwarded to the Governor not later than the fifteenth of the month immediately following the transmission to the Legislature with his biennial message.

Sec. 74. All monies paid out of the County Treasury for County purposes shall be paid only out of the funds specially appropriated therefor and upon warrant drawn by the County Auditor.

Sec. 75. Upon receipt of information of any failure or neglect upon the part of any officer elected hereunder to faithfully perform his duties, or of any inefficiency or mal-administration on his part, the Governor may suspend such officer and shall in that event, direct the Attorney General to formulate immediately charges and specifications against such officer and a copy of the same shall be served upon such officer within five days from such suspension. The Governor shall thereupon give continuous public hearing to such suspended officer and decide within ten days from the end thereof whether such officer should be removed or re-instated; provided, however, that such officer may appeal from the decision of the Governor direct to the Supreme Court and the Supreme Court shall decide the matter upon the record transmitted from the Governor's office, which record shall be made up, as near as may be, in conformity to the requirements of law relating to records on appeal from Circuit Courts. The Supreme Court is hereby empowered to hear and dispose of the same in term time or vacation and shall give preference on its calendar thereto.

Sec. 76. Any vacancy which may occur in any elective office provided for by this Act shall, if more than one year of its term remain unexpired, be filled by special election to be called and held as hereinbefore provided. Persons so elected shall hold office for the unexpired portion of the term of the office to which he shall have been so elected.

Sec. 77. Other vacancies occurring in elective offices provided for in this Act shall be filled by appointment by the Governor. The person so appointed shall possess all the qualifications as to eligibility required of his predecessor, and shall serve for the remainder of the unexpired term of his predecessor, and until his successor shall have been duly elected and have qualified.

MIGHT HAVE BEEN BAD PLANTATION FIRE

Spark From Engine at Naalehu Set Fire to Patch of Dry Grass Last Saturday.

Naalehu Plantation was nearly visited by a costly fire last Saturday. While the plantation engine was going from the landing at Honouapo up to the mill, a spark from the engine set fire to a patch of dry grass back of Makino's hotel. There was a strong breeze blowing at the time and the fire sprang up and swept toward the upper part of the ridge. Fortunately young cane was growing at the edge of the grass patch. The fire failed to ignite this cane and was soon gotten under control by the men from the neighboring plantations.

Had the cane been older it is thought that the fire would have proved very costly to the plantation, as the wind was blowing so strongly that considerable cane would have been destroyed before the fire could have been controlled.

THE KAISER'S BIRTHDAY

CONSUL AND MRS. H. A. ISENBERG WILL HOLD A RECEPTION AT THE MOANA HOTEL.

The management of the Moana Hotel has tendered the use of that place to German Consul H. A. Isenberg for Friday night out of honor to the birthday of Emperor William. Consul and Mrs. Isenberg will be present and hold a reception at the hotel. The reception will be followed by dancing. The Government band will be in attendance during the evening and there will also be special music and dancing.

YACHTSMEN WILL DINE.

The annual dinner of the Hawaii Yacht club will take place at the Royal Hawaiian Hotel on Saturday evening next. The private dining room will be used and Manager Church, who is a member of the club is determined to make the occasion a memorable one. Commodore Henry E. Cooper will preside at the banquet, also acting as toastmaster. The management of the hotel has arranged for the quintette club to be present and play throughout the dinner.

The committee in charge of the affair consists of Vice-Commodore H. E. Pickett and Ex-Commodore Clarence Macfarlane. The annual meeting for the election of officers for the ensuing season will also be held the same evening.

NO RACE SUICIDE HERE.

News brought from Hookena today is to the effect that Mrs. Philip Haue was delivered last Saturday of triplets, two girls and a boy.

HAWAII IN NEED OF RAIN

LIGHT SHOWERS HAVE FALLEN IN HAMAKUA AND KAU DISTRICTS BUT NONE IN KONA.

Hawaii is in great need of rain. News by the steamer Mauna Loa which arrived this morning from Maui and Hawaii ports, is to the effect that Kona is suffering especially from the lack of rain. Light showers have fallen in Hamakua and Kau but the rainfall was not sufficient to help the general condition very much.

Purser Lloyd Conkling reports that the recent trip was delightful, fine weather being experienced. At Napoopo, Honouapo and Hookena however heavy northwest swells were running, making the work for the steamer very difficult. The wharf at Napoopo was constantly awash. The loading of coffee at Hookena was impossible. The vessel did not bring a large load this trip there being only 2,817 bags of sugar, 38 head of cattle besides general stuff for Honolulu.

The vessel brought only a fair sized crowd of passengers.

FLINT AND DIAZ ARE ON THE CARPET

CHARGES MADE AGAINST CAPTAIN OF HARBOR POLICE AND DEPUTY COMMISSIONER.

Charges of improper conduct in office have been made against Captain of Harbor Police Harry Flint and John Diaz clerk in the shipping commissioners office.

The specific charges against Flint are that he received a check from a shipping master for one-third of the "blood money" paid by the master of a certain ship for a crew. The charge against Diaz is to the effect that he has been charging ship captains fees for the performance of certain duties of his office for which the laws makes no provisions for charging.

Flint was questioned by the High Sheriff last night regarding the charge and stated that he had never taken a single cent from anybody, to which he was not entitled. Flint asked until Thursday to prepare a statement. He was granted this time.

Shipping Commissioner B. Griggs Holt is investigating the charges against Diaz. Holt is to leave for the mainland in business on Friday and stated that in case there was anything proved against Diaz the latter would be discharged and the business of the office turned over to Collector Stackable during Holt's absence.
